

Facebook post written by Perry Hampson, Wildlife Officer for the North Walsham and Dilham Canal Trust.

It doesn't seem that long ago that we were celebrating 1,000 'Page Likes' on our Facebook page. Someone commented at the time that some Businesses would be pleased with that!

I'm very happy to report that we are now only a few 'Page Likes' short of 1,200!

A 'Page Like' click costs you nothing except the effort to move your finger. To the Trust, it means so much. It demonstrates to those who would oppose the work of the Owner and the Trust that the restoration of the historically important [North Walsham & Dilham Canal](#) is supported by a huge number of people. The higher the number, the greater our support. So, if you haven't clicked the 'Page Like' button, and assuming you DO like us, of course, please do it NOW -or at least, very soon.

Your support is incredibly important to us, not only in the fight to continue the restoration work, but also to encourage others to get involved with our Work Parties, or however else you can help us.

Owing to unforeseen circumstances, the Trust is desperate to engage a new Secretary. If you have the necessary skills and some time to spare, please consider helping us to continue the work on this wonderful project.
