**The North Walsham & Dilham Canal
Trust**

Working to save Norfolk's Canal Heritage

Although the Old Canal Company, as owners of the Ebridge to Swafeld Bridge reaches, welcome walkers, pleasure anglers, boaters and others to use the canal waters and banks for their enjoyment, the Trust would like to remind people that the canal and lands are private and are still undergoing restoration. At times canal maintenance works may mean that not all parts are accessible, water levels will vary and that public use is always at their own risk.
