

## The North Walsham & Dilham Canal Trust

Registered Charitable Incorporated Organisation No 1180474

*Working to secure Norfolk's Canal Heritage*

### North Walsham and Dilham Canal Trust Wildlife Volunteers: Wanted

The North Walsham and Dilham Canal Trust seeks volunteers to regularly survey and record the Canal's wildlife - as many groups as possible, from mosses and lichens to aquatic invertebrates, insects, birds, and mammals (higher plants and fish are already covered). The aim is to start to compile proper records of the fauna and flora along this important wildlife corridor for use by the Canal Trust and its partners. Volunteers will make up the Trust's Wildlife Team and will work with its Wildlife Officer.
