

NORTH WALSHAM & DILHAM CANAL TRUST

Registered Charity No. 1180474

Subject: Paston Way Notice Board

Date: Thursday 24th January 2019

Mark S reports for the mid-week work party groups

Remaining notice boards, posts, tools and wheelbarrow collected from Spa Common and transported to the Paston Way.

Notice Board installed and work party moved on to Royston Bridge. Preliminary post holes dug but WPL had forgotten a power drill so we were unable to complete installation. We should be able to do the final Notice board and the Display boards next time.

The Paston Way board is the third sponsored board to be erected, and our thanks to Tom Webster for keeping the content up to date.

A word from the acting Work Party co-ordinator:

My Thanks to the small group that undertook the installation of further notice boards at Paston Way and started at Royston Bridge.

Ivan Cane
ACTING Work Party Co-ordinator
