

# North Walsham and Dilham Canal Trust

## Work Party Report

**Date:** Thursday 29th October 2020

**Objective:** Pigney's Wood

Thursday's Work Party was split into two groups, so only pictures here of the volunteers who went to Pigney's Wood area to cut the ecology area, which is basically on the outside of the bend where the stream/back-soke is piped. A couple of cuts of the area with the brush mower were followed by raking up the cut material to the margin. The work was carried out despite the rain showers.

Also done was a round trip with the mower to cut the bank top tight to the field fence upstream to Paston Way, closer than the tractor could easily manage.

Wish to get involved with helping out at our work parties?
