

North Walsham and Dilham Canal Trust

Work Party Report

Date: Sunday 6th & Thursday 10th December 2020

Objective: Royston Bridge - removal of small trees and brash

The Trust's main work parties were resumed after lockdown on Sunday 6th December 2020, and then the following Thursday, both being at Royston Bridge. The work was to remove various trees which had fallen across the back-soke; a good start was made, but it will take another one or probably two work parties to reach as far as the sluice.

This section at present carries the full flow of the canal, as this is the part which goes around the dry section of the canal.

Wish to get involved with helping out at our work parties?
